

# Wouldn't It Be Great If...

**Instructions:** Connect with 3-5 other student innovators. Read the scenario and complete the activity.  
Your team will have 10 minutes to come up with some innovative ideas to improve a student experience.

## Here's the scenario:

You want your college to offer an extraordinary student experience at every step in a student's educational journey. While you do have to be mindful of cost constraints, your team wants to improve one student experience. Fill in the information as you think of ideas to improve the process.

What's the student experience you want to improve?

---

Complete this sentence: *Wouldn't it be great if...*

---

How will you know if your innovation works? \_\_\_\_\_

---

## Brainstorming Ideas:

Write down all the ideas you and your teammates have on how to improve the experience. Do not judge or criticize these ideas. You are looking for quantity not quality at this step in the innovative process.

Circle your team's top 2 or 3 ideas to share with the class.

What do you think should be the next steps in this process?
