

STUDENT LEARNING OUTCOMES GUIDE

I College Purpose	II Student Learning Outcome	III Activities	IV Measure Success	V Use Assessment Results
What college vision, mission or goals most closely aligns with our program?	What do students need to be able to do in their lives that we help them with?	How do we help them develop these skills?	How will we document this skill?	How will we summarize and use our findings?
<i>We will maintain our focus on excellence, student success, and on being learner centered.</i>	<i>Students have soft skills and networks to work successfully in today's workplace.</i>	<i>Participate in Internship Program</i>	<i>300 students will complete an Internship with positive evaluation from employer.</i>	<i>Analyze internship assessment data to tell us more about our internship program and how to improve the process.</i>
